Beth Rubin : Frommer's Washington D.C. with Kids (Frommer's With Kids) before purchasing it in order to gage whether or not it would be worth my time, and all praised Frommer's Washington D.C. with Kids (Frommer's With Kids):

1 of 1 people found the following review helpful. Great recommendationsBy C. FergusonI purchased this book to give us a few ideas of what to plan in DC to keep our 8year old granddaughter interested. We've ended up planning the

whole trip with it. We've book our hotel and planned our days around the recommendations made in this book. We found things of special interest that we didn't even know about. Her huge interest right now is spies! We had never heard of a spy museum but there is one very close to our hotel! She doesn't know yet ... we're saving it for a surprise! Great book!0 of 0 people found the following review helpful. Full of information but denseBy CindyGreat information on the best hotels for families and in-depth information on many sites to see. But with no pictures it was hard to find time to read it and interest my 7-year-old in looking through it. I found Fodor's Around Washington, DC, with Kids, much easier to use and lighter to carry. My son also picked it up a few times and leafed through it.2 of 2 people found the following review helpful. very helpfulBy S. FountainThis book was a big help in planning our trip to DC. I especially loved that it helped us find the "secret" cafeteria in the Library of Congress building - much quicker, cheaper, and yummier than museum fare, and a good view to boot!
