**Boris Dnzer-Kantof : Full Steam Ahead: A Golden Age of Cruises** before purchasing it in order to gage whether or not it would be worth my time, and all praised Full Steam Ahead: A Golden Age of Cruises:

0 of 0 people found the following review helpful. Lovely!By A voracious readerThis book is full of many wonderful old photos - some in color and some in bw (including sepia) - and also lots of beautiful ephemera. The written information is very interesting, too.

A stunning record of the golden age of cruising offers a visual feast of life both on board and ashore, then and now. With its irresistible promise of freedom, romance, and history, the cruise has always offered a timeless experience far removed from that of everyday life, ensuring that its allure has remained undiminished to this day. From its beginnings in the late 19th century to its renaissance in the 1970s, the world of the cruise has shown itself to be endlessly adaptable. Lavishly illustrated with photographs, both historic and contemporary, along with rare archive documents and pages from the private albums of passengers, this history invites readers aboard some of the world's

most legendary cruise liners. From the earliest flimsy pleasure boats to the mighty steamers and floating palaces of recent times, take to the seas and journey to glamorous ports of call near and far, as you embark on a captivating voyage.
