**Doe Boyle : Fun with the Family in Connecticut (Fun with the Family Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fun with the Family in Connecticut (Fun with the Family Series):

I've lived here all my life, and spent most of my advanced years visiting and supporting these various tourist sights. I was very disappointed that the author left out so

many of the wonderful places available to mom's and their young. Of course these places are available to interested fathers also. Take the time to be with your kids ( forget the kitchen, it will be there when you get back)and enjoy Connecticut. But, go to a visitor center for a listing of the Hot Spots for Kids! This book is an entry level look at Connecticut from a busy mom's rushed experiences. Not bad. Just not the authors best work.2 of 2 people found the following review helpful. An excellent guide to Connecticut for the whole familyBy A CustomerDoe Boyle's Fun with the Family in Connecticut is exceptional. The text is enjoyable to read as well as informative. It is clear she personally visited many of the sites. It is rare that a family travel guide is written so well. I've found tons of things to do with my family after reading her book. The book is so well done I read it cover to cover simply for pleasure. Family adventure guide is simply fabulous.2 of 4 people found the following review helpful. A "must" for all Connecticut homesBy A CustomerIf you live with kids anywhere within travel distance of this beautiful state, this book should be in regular use in your home. You can't beat the honest, personal and informative way this book will make your trips a pleasant memory.

According to the Travel Industry Association of America, almost half of all trips taken in the U.S. include children. Globe Pequot's Fun with the Family "TM" series (formerly Family Adventure Guides "TM" ) caters to this growing market. Like asking a trusted friend for advice, this series gives the low-down on the most entertaining and educational places to go with younger children.
