By CustomerMan, I used this book! I wrote in it, glued bits of brochures in it, and generally loved on it. Info is mostly current as of 2015. The index could be more complete. Recommended, even for families without kids.

Great resource for family fun

This guide is super! You can explore the nooks and crannies of Massachusetts and get new ideas for family trips. It includes my favorite places, and some new ones that I haven't yet discovered. We use it often as a starting point for weekend and day trips. Our favorites this year have been Southwick's Zoo and the Plimoth Plantation. We have found Plymouth to be especially kid-friendly. The book includes good recommendations for kid-friendly places to stay overnight too.
