Jan Kowalczewski Whitner : Garden Touring in the Pacific Northwest: A Guide T before purchasing it in order to gage whether or not it would be worth my time, and all praised Garden Touring in the Pacific Northwest: A Guide T:

1 of 1 people found the following review helpful. Great!By DavE.Very nice. Can't wait to use it. Am reading it now. It's easy to read. We also use it as a reference when we are out to see if anything is nearby.4 of 8 people found the following review helpful. Needed guide to local gardensBy A CustomerThis book provides good, solid reviews of the

major public gardens complete with driving instructions, hours, amenities and "best times to view". Oregon, Washington and Vancouver are covered. It would be quite useful for a gardening enthusiast new to the area or to someone new to gardening. Unfortunately, most gardens covered are already familiar to gardeners who have lived here for a few years.

This engaging, illustrated guide to noteworthy gardens and specialty nurseries of the Northwest includes garden descriptions and detailed access information.

About the Author Whitner is an author and editor specializing in garden design, history, and preservation.
