**Henry. from old catalog Snyder : Geography of New Jersey . .** before purchasing it in order to gage whether or not it would be worth my time, and all praised Geography of New Jersey . .:

This reproduction was printed from a digital file created at the Library of Congress as part of an extensive scanning effort started with a generous donation from the Alfred P. Sloan Foundation. The Library is pleased to offer much of its public domain holdings free of charge online and at a modest price in this printed format. Seeing these older volumes from our collections rediscovered by new generations of readers renews our own passion for books and scholarship.
