**Tonya Hacker, Tammy Wilson : Ghostlahoma** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ghostlahoma:

0 of 0 people found the following review helpful. Worth Re-readingBy Gayle JohnsonVery well researched but far from boring. I found this book so very interesting, have shared it with family, and they agree.0 of 0 people found the following review helpful. Five StarsBy Juanita SmithVery nice book.2 of 3 people found the following review helpful. Good stories, but vaugeBy D.E. ChandlerWhile the ghost stories in Ghostlahoma are intriguing and entertaining, I was looking for something different when I bought it. The work that went into retrieving and recounting the stories is

commendable. Personally I was looking for a reference book, but if you are looking for tales of things that people have encountered or some thoughts to keep you up at night, it's a good read.

Oklahoma, Where the Wind Comes Sweeping Down the Plain - and Ghosts of the Past Still Linger! With over 100 years under its belt, Oklahoma has not only a very colorful, but also a very haunted history. Ghostlahoma is the first book on the market that is solely dedicated to Oklahoma ghost stories and it will take you from the very first published ghost story in Oklahoma to specters of the present day, chilling you with tales of phantom hitch hikers and warming you with stories of "visiting" loved ones. Everyone has a ghost story -- even people that "don't believe in that stuff"-- and the stories that comprise Ghostlahoma were submitted by, and in many instances told by, the people that experienced them. So, we invite you to join us as we travel through the haunted history of Ghostlahoma in a way that has never been done before!
