About Glorious Getaways and a Luscious Life....By Julie Jordan ScottYes, this book is about taking Getawayswith your Girlfriends, both extravagant andshort "evening, in the neighborhood"getaways - but it is also a book about livinga more extraordinary life.There are a couple truths I have discovered inmy own life and travels with girlfriends thatspoke to

me as soon as I casually thumbed through this compelling book. The first is: "Road trips can save you big bucks in therapy." AMEN to that! The second is: "Before going on a road trip, practice calling shotgun in a loud, persuasive voice." (I loved that one!) And..... the other truths pepper the pages.. I even found a quote from Mary Oliver that leaped from the page and has shed light on my entire day ever since I read it: "Tell me, what is it you plan to do with your one wild and precious life" Mary Oliver. Each Getaway includes "The Girlfriends" (who inspired the entry); "The Mission" (why invest your time, effort and energy on the getaway) and then "The Getaway" itself - also known as the Story of The Getaway. Author Pam Grout includes oodles of web-resources and a wide variety of getaways for you and your friends to enjoy immediately. Prepare to live with more zest and joy than you may have thought possible.... 0 of 0 people found the following review helpful.
