George Ostrom : Glacier's Secrets: Volume 1; Beyond the Roads and Above the Clouds before purchasing it in order to gage whether or not it would be worth my time, and all praised Glacier's Secrets: Volume 1; Beyond the Roads and Above the Clouds:

0 of 0 people found the following review helpful. Great Service!By Lady DiI received the book earlier than expected. It is just as described, and I'm very satisfied with it. I would definitely buy from this seller again.0 of 0 people found the following review helpful. Fun bookBy R. Michael McLellanPictures of people I know about and a good introduction to Glacier park. It is better for hikers than auto visitors.0 of 0 people found the following review helpful. Glacier's Secrets: Beyond the Roads and Above the CloudsBy Maureen MackamanI was born and raised within sight

of Glacier National Park and as I write this I can look to the east and see the snow covered peaks in Glacier. George Ostrom was a household name during the years I grew up in Whitefish, Montana. He was involved in so many aspects of the daily goings on of the Flathead valley. I have read this book innumerable times and each time it moves me to tears of laughter, tears of joy and sentiment. Yes, I am an old softie but I would still recommend a box of kleenex be kept close at hand. It matters not if you are a local, have been to Glacier and seen it's splendor yourself or if you are an avid reader of our nations national parks and wilderness histories, this book will move you as few have done before. You will see in photographs places most of us will never see. The narrative takes the book from an offering of photographic splendor to a book of incomparable beauty and impact. It is so evident that there is a deep emotional and sentimental connection between the author and Glacier National Park. Read it... you will enjoy the majesty and beauty of Glacier presented by a master!!
