RubenOur family loves this hardback 120 page collection of Glacier National Park beautiful color photographs. The well labeled images were very helpful to us in planning our vacation to Glacier last summer, and a lovely reminder of our travels. These photographs by Chuck Haney and John Reddy are truly outstanding in clarity and artistic presentation.0 of 0 people found the following review helpful. OutdoorsBy Sheri BI bought this for my husband, as of yet I have not been able to convince him to go to Glacier National Park2 of 4 people found the following review helpful. A great photo book of one of America's parks.By DonThe Book Glacier Wild and Beautiful is full of some of the best photos of a park that's one of America's gems. Chuck Haney and John Redd two of the Countrys top photographers have captured great shots of a park that has many beautiful areas to see. I had a chance to talk to Chuck on a saturday not long ago about Glacier park and Montana and know it takes work and dedication to get such fantastic photos. After looking at the book I plan to see Glacier National Park in Montana. Five stars on this book full of photos with descriptions on where they where taken.

After the success of our Montana Wild and Beautiful book, with photographs by Chuck Haney and John Reddy, we went back for more and asked each photographer for his best images from Glacier National Park. The result is the most beautiful book ever for lovers of this high-peaks, hiker's park! Four-season coverage.
