**Vardis Fisher, Opal Laurel Holmes : Gold Rushes and Mining Camps of the Early American West** before purchasing it in order to gage whether or not it would be worth my time, and all praised Gold Rushes and Mining Camps of the Early American West:

0 of 0 people found the following review helpful. Huge Book!By MotomanThis book is HUGE! Great reading for the vicarious miner and history buff.0 of 0 people found the following review helpful. Wonderful!By Sally RegliThe book looked brand new. Thank you so much!1 of 1 people found the following review helpful. Not what I expectedBy Thelma C. JohnsonThis is a good compilation of different mining efforts in the early days of the mining frontier, but is rather dull reading, mostly because of the subject matter tending to be repetitious.

Winner of the Western Writers of America Spur Award for best nonfiction, Vardis Fisher and Opal Laurel Holmes's book brings together all of the remarkable men and women and all of the violent contrasts that make up one of the most enthralling chapters in American history.

"With so much bunk being presented by television and in books of the so-called old West, this book will be a welcome change to authentic facts of a West which was thrilling and exciting enough without all of the trappings of Hollywood. This is a fabulous book, telling the true stories of Western life as it was actually lived by real people." Kay Evans, Houston Tribune
