GMJ : Grand Canyon (Arizona) 1:24,000 Hiking Panoramic Map GG before purchasing it in order to gauge whether or not it would be worth my time, and all praised Grand Canyon (Arizona) 1:24,000 Hiking Panoramic Map GG:

Grand Canyon (Arizona) 1:24,000 Hiking Panoramic Map GG Medium size (71 x 46 cm / 28" x 18"), double sided map provides a detailed hiking map on one side and a panoramic view of the Grand Canyon landscape on reverse. The hiking map at detailed scale 1:24,000 (1 inch = 0,4 mile; it is a scale used for city street maps) covers the most visited central part of Grand Canyon, centred on Grand Canyon Village. The coverage extends from Shoshone Picnic Area in the east to Hermit Trail (Hermit Rapids) in the west. On the reverse is a very attractive panorama map showing the Grand Canyon in 3-D effect and highlighting campsites, viewpoints, various facilities and services in Grand Canyon Village and North Rim, as well as the main hiking trails.
