Gary McCarthy : Grand Canyon by Gary McCarthy from Books In Motion.com before purchasing it in order to gage whether or not it would be worth my time, and all praised Grand Canyon by Gary McCarthy from Books In Motion.com:

0 of 0 people found the following review helpful. Best Grand Canyon story. Great narration.By danny burgessA most interesting Grand Canyon story. Couldn't stop listening. I've been there the book transported me back to the early settler days of the Grand Canyon in my minds eye. The book had many surprises. Accurate scenic descriptions, happiness, sorrow, love triumph. It has everything. Sorry when the the book was over. Wish it was even longer. Will listen again. The narrator was excellent. Try it you won't regret it.2 of 2 people found the following review helpful. Great historical novelBy Creeker 13Loved this book! This is the first Gary McCarthy book I have read but not the last. This book shows it doesn't take sex, violence and profanity to hold your interest. Just a great story following a man's

adventuresome life from youth to old age. 2 of 4 people found the following review helpful. Very Enjoyable
By A Customer
This was one of the best books I have read in a long time. I lived at the Grand Canyon for over a year and was so interested in this book I kept looking things up, to see which was fiction and not. I really enjoyed it and learned a lot of things I didn't know.

Here is the bold adventure story of William Dunn, an educated man yet an accomplished mountain man. His life becomes forever entwined with the wild, unforgettable, Grand Canyon. He hires on as a guide for the John Wesley Powell historic expedition into the Grand Canyon, but then leaves the expedition to guide two men back to civilization. During the trip they are attacked by Paiutes, Dunn escapes but is pursued and makes a wild run down the side of the canyon to the river. The river delivers him into the world of the Havasupai Indians where he finds love and inspiration for his future.
