Various : Grand Canyon - From Rim to River before purchasing it in order to gage whether or not it would be worth my time, and all praised Grand Canyon - From Rim to River:

0 of 0 people found the following review helpful. Great photosBy ddwurtsI recently visited the Grand Canyon and a friend bought this at the gift shop. After looking at it, I wanted one for myself. The pictures are outstanding and a true representation of the outstanding views. If you can't visit in person, at least you can see what you are missing.0 of 0 people found the following review helpful. this is the next best thingBy Tom BurnsIf you can't make it to the Grand Canyon, this is the next best thing

Stunning photographs illustrate the Grand Canyon from rim to river. Look out over panoramic vistas from the South Rim and North Rim, and descend into the depths of the inner canyon, where the Colorado River flows past walls of

rock that tell a geologic story billions of years in the making.
