Grand Canyon Loop Hike By Jim Kuzava This book fleshes out some of the way places to go to on the North Rim in particular. The author definitely knows his way around the backcountry of Grand Canyon. 0 of 0 people found the following review helpful. Great Book By Rich Henke I was glad to find this vintage book which is the only one to cover adventurous hikes on the North rim of the Grand Canyon

George Steck's intimate familiarity with the Grand Canyon Outback resonates in his detailed descriptions of six off-trail loop hikes through remote wilderness. He combines practical information with superb storytelling and humor to create a worthy successor to his warmly received Grand Canyon Loop Hikes I, called "a model of readability and usefulness" by Backpacker Magazine.
