**Francis R. Line : Grand Canyon Love Story: A True Living Adventure** before purchasing it in order to gage whether or not it would be worth my time, and all praised Grand Canyon Love Story: A True Living Adventure:

HutchesonBuy this if, like me, you're nostalgic and love the Grand Canyon.I bought the first edition in 1984 on one of my first trips to the South Rim, when the Lines were still actively hiking the canyon at 80. Their story inspired me to return every year since and punish my aging bones in their honor. Last week I did a 3-day hike on the grueling Bright Angle-to-Hermit's Rest trail in brutal 100+ weather. Kept thinking "If the Lines were still hiking these trails at 80, I can do it at 65."

The authors' story of their 60 year love affair with the Grand Canyon.
