**Serena Bartlett : GrassRoutes Portland: An Urban Eco Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised GrassRoutes Portland: An Urban Eco Guide:

Delve deeper into Portland with the latest guide in the Grass Routes series. Reflecting the new interest in sustainable living, local tarian experiences, and indie/alternative locations, Grass Routes Portland features authentic reviews by people who practice what they preach. Taste a Vietnamese-French sandwich, or meet some locals by helping weed gardens in a public P-patch. Have a splurge dinner made by a chef who grows her own greens, and then stay up late at a poetry reading. The guide points travelers and locals alike to an urban eco-adventure that reveals a new look at Portland - a city chock-full of bustling, eccentric neighborhoods. The foundation of each Grass Routes guide is the actual experiences of local writers who encourage visitors and residents to take the bus, volunteer, and find inspiration.

About the Author Loretta Napoleoni is the author of the bestselling book *Rogue Economics: Capitalism's New Reality*, which has been translated into fourteen languages, and *Terror Inc.: Tracing the Money Behind Global Terrorism*, which has been translated into twelve languages.
