Gary McKechnie : Great American Motorcycle Tours of the West before purchasing it in order to gauge whether or not it would be worth my time, and all praised Great American Motorcycle Tours of the West:

1 of 1 people found the following review helpful. Nice, but limited. By D. Kolton Picked this up out of the library. Book has 9 tours in the Western US to be done by motorcycle. While I have never done any by bike, I have done 3 by car and considered them worthwhile trips. In general if you're not familiar with where to ride this could come in handy.

You're a rider . . . an independent spirit who is reluctant to follow someone else's road map. But there are thousands of miles of road out there, and you could spend months searching for the best ones. Don't waste your valuable two-wheeled vacation. Instead, let Gary McKechnie be your guide. He's spent years exploring the nation by bike, and these are his top rides. Great American Motorcycles of the West guides riders through the best of the west, including rides in Washington, Oregon, and the Pacific Coast.
