**Sharon Niederman : Great Destinations The Santa Fe Taos Book, Fifth Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Great Destinations The Santa Fe Taos Book, Fifth Edition:

Made a Great Gift!By SharonGave this as a gift, and even though it was a few years old, they were excited.I couldn't find the publication date when I ordered it, but was sure that most of the places would still be there.This was a stocking stuffer at Christmas for a pair who travel to Santa Fe and Taos a lot!

Few US travel destinations have undergone greater changes in the 1990s than this region--look to this book for a thoroughly updated report.
