Shelley-Maree Cassidy : Great Escapes Europe (Taschen's 25th Anniversary Special Editions) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Great Escapes Europe (Taschen's 25th Anniversary Special Editions):

0 of 0 people found the following review helpful. Beautiful photos of European hotels, resorts, inns, and B&Bs By Michael A. Duvernois Not that I could afford to stay at many of these places...but this is a very nice, well-made, colorful Taschen volume in their series of world hotels. Inspiring design details abound.

Featuring a selection of the most unique hotels and guesthouses from Sweden to Turkey all places where you can melt away from the problems of the real world, the book mixes gorgeous color photographs with directions, pricing, and contact information. Since reading is a requisite part of your relaxing escape, we also suggest books for you to take

along to each destination. From a lighthouse in Wales to a former monastery in Spain, these are the sorts of hotels that will open up your senses and just might change your whole perspective on life.
