**Campus Elysium : GUEST BOOK - Cruise Ship** before purchasing it in order to gage whether or not it would be worth my time, and all praised GUEST BOOK - Cruise Ship:

A paperback book (8 x 10 or 20.32cm x 25.40cm) to record all the guests or visitors to a place that provides accommodation, such as a guest house, hotel, or apartments. This book can be used as an attendance register. The book allows you to record the date the person(s) or party arrived or checked in, their name and contact telephone number or car registration number, and also the date when they left the premises. This is useful for when the premises have to be evacuated during an emergency, as a log can be kept of who needs to be found at the emergency attendance points. Approximately 158 pages in all. Would make a great attendance register for a new establishment, or an already established outfit that needs to operate on a budget. (COVER : Cruise Ship). Why not also check out our other items in
