Good outline of sea kayakingBy ben WicklundI feel the book could of been more technical needs a update. The maps are sort of a outlines of where you need to be. Otherwise, the book was pretty through with information. A decent guide for the experienced kayaker.0 of 0 people found the following review helpful. SuperficialBy b.elsewareThis book is fine for someone who wants leads on where to kayak. However, it does not deal in much depth with any of the sights and territory covered. The maps are rudimentary.

Guides the reader to the most exciting kayaking to be found on the Western Great Lakes. Full descriptions and maps for 49 trips, each carefully rated so that any kayaker can safely and confidently paddle on these inland seas.
