Obsolete information. The first quarter of the book talks too much about car choices. I never send anything back but if there was a way I would send this book back for a refund.1 of 1 people found the following review helpful. Not the book I was expectingBy F. DavisI have purchased previous Alaska Highway books for previous trips and without thinking, ordered this 'new'

version for a 2018 trip. Unfortunately it is NOT the one I was expecting. This book is very simple, with few/no details, not even real maps and no mileage markers. Sigh/my fault. 1 of 1 people found the following review helpful. Alaska Highway By mary This book is a must have for those traveling the Alaska Highway. Lots of suggestions for Pre trip, what to see, where to buy fuel, how far to expect to drive per day, where to stay whether lodging or camping.
