Jane Waithera : Guide to Traveling Abroad: Honey, Milk Thorns before purchasing it in order to gage whether or not it would be worth my time, and all praised Guide to Traveling Abroad: Honey, Milk Thorns:

As the name suggests, the guidebook contains information that will advice you how to travel abroad minimizing some obstacles that might fall in your way. Part of the key strategy is the use of effective communication from the time you

will start enquiring about the process to your settling down in the US.

"This work fills a major void in the information people need to make informed decisions about coming to America." -- Dr. Matunda Nyanchama
It's intended to be used by students, students' parents and others...who aspire to study overseas, particularly in the USA. -- From the foreword by Dr. Henry Maingi
From the Publisher
The guide provides not only tips to potential students planning to land in the US in a near stress free trip, but also tips that can be applied by other students or visitors traveling abroad. One special thing about this guidebook is that it gives you real life experiences on how to handle situations as an international student.
About the Author
As an international student, Jane Waithera, graduated with a BA, Summa Cum Laude at Savannah State University in Mass Communications with a minor in Psychology. She attained her master's degree in Organizational Communication at Howard University. Jane has written articles for the Savannah State's student newspaper Tiger's Roar, Savannah Herald, and The Creative Loafing, all in Savannah Georgia. Her master's thesis focused on Mzee Jomo Kenyatta's leadership and his strategic communication. Jane is a member of the American Society for Training Development (ASTD).
