Hagstrom map...datedBy Marcy MaxwellThe hagstrom map I ordered was in excellent condition however it was older than i expected. Perhaps Hagstrom hasn't updated the monmouth county NJ map in a while. If not, it's time!

The Monmouth County, NJ Atlas is fully street-indexed with U.S., state, and interstate highways, and shows zip codes, government lands, airports, railroad routes, schools, parks, hospitals, golf courses, country clubs and other points of interest. All new digitized maps display an incredible amount of detail with clarity and precision; generous use of color and symbols help you to quickly identify important map features; and a comprehensive index to streets and

places of interest makes it easy to find your destination. The spiral binding allows the atlas to lay flat for handy reference.
