From Hagstrom Map Co : Hagstrom New York City, 5 Borough: Digitized Edition (Hagstrom New York City Five Borough Atlas) before purchasing it in order to gage whether or not it would be worth my time, and all praised Hagstrom New York City, 5 Borough: Digitized Edition (Hagstrom New York City Five Borough Atlas):

3 of 3 people found the following review helpful. Essential map atlas of New York CityBy tyrdzThe map atlas is large (10x13 inches) and spiral bound book, so it is not necessarily something you would walk around with; but it is an excellent reference tool to find locations and addresses that you may need to go to. It is essentially a five(5) Borough street map. It also has a key map which provides an overview of the sections represented by each map. It provides additional information, such as parks, beaches, and points of interest, and a street index cross-referenced with

individual atlas map pages. You can find airport data and postal zones. I have it, and I use it as a supplemental tool to find my way around the city. An essential tool.3 of 3 people found the following review helpful. Great!!By A. TorresThese are the best maps ever printed.It's too bad they're being phased out.Other than that, the item arrived in excellent condition within 2 days after ordering it.4 of 4 people found the following review helpful. driver reviewBy michaelAs a over the road driver this is one of the best atlas of New York City area the only thing that could make it better would be if it showed all the low over passes and truck routes. GREAT ATLAS hard to find is the only place I could find it.
