Her work is a breeze to read as her expressive art and witty tangents make her recollections of her six weeks in Japan fly by. Christine has a knack for capturing character and her observations of the people she encounters make a deep impression in the reader's mind.

Her emphasis on food will make you want nothing more than to eat fresh sushi at 6 AM near Tsukiji and enjoy a giant bowl of ramen. Even if you've never been to Japan, at the end you're crying on the train with her. Christine's future as an illustrator and writer is bright and I can't wait to see more from her!0 of 0 people found the following review helpful. A good book for any Asian-American adolescent.By JoanTom SmithNicely illustrated + written by a teenage girl (...with admitted acknowledgment to her dad, "who tirelessly corrected my grammar and edited each every page"). Because she has a Japanese mother and American father, I am gifting this book to my 12-yr-old grandson whose parents have the same ancestry backgrounds as hers do. And, since his family likewise re-visits maternal relatives in Tokyo, he'll be able to relate to many similar sights experiences. I am confident that my grandchild, as well as any Asian-American adolescent, will enjoy this book!1 of 1 people found the following review helpful. the sketches are cleverly used to make a fun travel adventureBy rororadVery charming,the sketches are cleverly used to make a fun travel adventure,the author is able to bring the many characters to life,she obviously has a sharp sense of humor.Having traveled to both the featured cities it brought back lots of good memories.

An illustrated travel journal exploring the food, fashion and culture of modern day Japan.

"Full of good food and hilarious observations, Christine tells her story with the wit and pen of someone well beyond her years, while still capturing what it is to be sixteen and checking out cute boys on the subway."Lucy Knisley, author of French Milk"A humorous and engaging first book by a talented young writer/artist with a bright future."Robert Whiting, author of You Gotta Have Wa"Halfway Home is wonderful! A fascinating mixture of travelogue, family and self-discovery done in a unique and entertaining way."--Jeff Smith, author of the Bone series"A charming and impressive debut. Christine Inzer is one to watch."Hope Larson, author of Mercury"A charming and amusing account of a summer spent in Japan by a teenager reconnecting with her Japanese family roots. This short and sweet comic had me laughing out loud within the first few pages."SamBaldwin,author of For Fukui's Sake: Two years in rural JapanAbout the AuthorChristine Inzer was born in Tokyo in 1997 to a Japanese mother and an American father.
