HinesIt's widely agreed that the North Shore of Kauai is a special place, not heavily touristed, beautiful, wild surf especially in the winter, unique farmers' markets, and laid-back. George Ksander captures this aloha spirit that abounds in this unique condo colony of 13 buildings nicely spread out so privacy is maintained. There is lots of Hawaiian history and pictures in this easy-to-read book along with accounts of several hurricanes of historic proportion that have hit Kauai. It's a great read, and

better yet I recommend a visit to this corner of paradise. 1 of 1 people found the following review helpful. Good read for lovers of Kauai By Diane An interesting read about a resort my husband and I will be visiting in a few months. The stories from previous guests and owners have made me even more excited to visit this resort. We've been to Kauai many times, but never stayed on the North Shore. I learned a lot about the area and the history of the area from this book. I recommend this book for anyone who loves Kauai, especially the north shore area. 1 of 1 people found the following review helpful. A great inside view of the beautiful North Shore on Kauai ... By KINGA great inside view of the beautiful North Shore on Kauai and also stories of the community and the unbelievable Hanalei Colony Resort the only laid back resort right on the beach . Good Fast read.

Written by George Ksander, its all about this condominium resort hotels ohana nui, or extended family. And in the Hawaiian tradition, this extended family encompasses everyone connected to this very special place, from the staff and owners to the neighbors to the guests past, present, and future. Responding to the desire of the community to capture and share the experiences that make the Hanalei Colony Resort so important to them, Ksander combines local legends, historical records, journalistic accounts, music, books, film, personal experiences, and his own lovely impressionistic vignettes to explore the question, why is this place so special? With a focus on talking story, Hanalei Colony Resort: A Special Place offers a unique narrative about a one-of-a-kind location on the north shore of Kauai that is not only spectacular in its natural geography, but also has a magical aura imbued by its history, culture, and people. Whether you are already under its spell or you would like to get an intimate, insiders look at the many aspects that make this place what it is, this book is sure to move you with the aloha spirit.

About the Author George Ksander, along with his wife, Molly, owns an apartment at Hanalei Colony Resort, and he has served on the resorts board of directors. With a longtime interest in the history and culture of Hawaii, writing Hanalei Colony Resort: A Special Place was truly a labor of love, as he conducted numerous interviews and exhaustive research in addition to talking story with the people who love the resort and wanted their impressions and experiences of the place recorded for posterity. Ksander has also traveled throughout the Hawaiian Islands, and when he manages to tear himself away from Hawaii, he lives in San Francisco.
