I was so impressed as was my father. Thanks so much!!1 of 2 people found the following review helpful. Strictly for the localsBy Rocco DormarunnoI have been

spending a lot of time in Western Essex County over for the last few months, and I picked up a couple of books in this series. Like the others I have reviewed (West Orange, Livingston), I find this one to suffer from a lack of focus. The photos are haphazardly arranged without any overarching order. I don't mean to offend anyone who lives in this beautiful area. I'm sure the book holds a lot of pride for them. But for someone like me, I honestly didn't learn much. 1 of 1 people found the following review helpful. excellent resource, entertainingBy Deb StradaThe book spans about 100 years. I live in Whippany and found the photos and facts wonderful. I find myself riding through town remembering the way things "used to be" according to photos in this book. It was fascinating to see how far Whippany and its surrounding area has grown, as well as, learning about the businesses, culture and people that made it what it is today.
