**American Map Corporation : Hartford Ct City Slicker** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hartford Ct City Slicker:

1 of 1 people found the following review helpful. CrappyBy E. NelsonNot a very well laid out map. Instead of focusing on Hartford or downtown Hartford, as I anticipated, the map encompasses all of East Hartford and West Hartford as well, so it is all very condensed and not very readable or usable. It's hard to explain, but the folds of the map are actually clear (you cannot see that in the picture) so when you unfold the map there are clear see-through sections right in the middle of the map...really stupid. I suspect the idea was so that the map did not become worn and unreadable along the creases.I live in the area but am not good at driving in downtown Hartford on the once-in-a-while occasions that I need to, and I was hoping to have a nice well laid out map - but this is not it. I threw this map right in the trash and printed some better maps I randomly found on various internet sites.

Out of towners can travel with confidence when using Slicker maps. Easy to handle and easy to read, Slickers fold and unfold in a flash. Slickers are laminated which makes them markable and very durable, withstanding everyday usage during any travel itinerary you plan.
