So many strange occurrences from the usual ghosts and goblins, to strange noises, mutant people and terrorizing frogs. My favorite is Dudleytown, considered one of the strangest cases in American lore. The writing is clear and straightforward, yet manages to send chills down one's spine. Thanks to this book, I've ordered more books on weird Connecticut occurrences.0 of 0 people found the following review helpful. Accurate book as these things go. I never going to open it again. Ever.

Thrilling stories of supernatural occurrences in Connecticut, including the curse on Dudleytown, the spirit of Hanna Cranna who causes car crashes in Monroe, the phantom black dog of Meriden, buried-alive Midnight Mary, the lost village of Bara-Hack, and many more.
