A real insight By marcoscu I knew Claudia slightly when I was resident in Cuba as a journalist from 1993-2000. Her book is well researched and written from the viewpoint of an unbiased and perceptive member of the foreign community of Havana. A must for all Cuba watchers and those considering visiting the most fascinating island in the Americas.

Lightfoot explores Havana's history and its paradoxes--a city where architectural treasures survive among crumbling tenements, and where politics and exile harbor great literature, art, and music. Maps. Illustrations.

"...accomplishes the improbable feat of making the reality of its subject seem even more alluring than its myth." The Times Higher Education Supplement About the Author Claudia Lightfoot lives in Havana where she is a teacher, writer, and translator of Cuban literature.
