**Robert Frutos : Hawai'i The Best Day Hikes on the Big Island** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hawai'i The Best Day Hikes on the Big Island:

1 of 1 people found the following review helpful. I love the bookBy DebI love the book. I traveled to The Big Island 7 years ago for my 30th wedding anniversary and I wish that I had a copy of this book back then. The only disappointment was that the pictures were not in color. After reading this book, I ordered more titles by this author. The author writes in a laid back conversational style approach, with very specific directions for the hiking locations.

The author knows the Island well, that is clear.0 of 0 people found the following review helpful. No Trail MapsBy A. Cundella hiking book without maps!0 of 0 people found the following review helpful. Could be a lot betterBy P. Gravea disappointing self published, poorly illustrated rehashed guide - there is clearly a niche for this so why not do it well?

This Book Is For YOU! Whether you are only here for a couple of days, or have the luxury of a longer stay - this guidebook will prove to be invaluable, It shares the best day hikes and most beautiful locations on the Big Island and how to easily access them. This book will save you precious time and effort. Moreover, it shares information about each hike listed: Where it is, what to expect, and the best time to visit. It also includes over 50 amazing photographs. If you are here in Hawaii, for one or many fun-filled adventures, full of the wondrous, the beautiful and the magnificent, then Hawaii: The Best Day Hikes on the Big Island is the book for you!
