This book is the perfect compliment. It gives you detailed information on all the shore excursions as well as other activities available, maps of the islands and tips on what to see and do. It really helps you plan your shore days to the maximum extent. This book is essential for those cruising the Hawaiian Islands.0 of 0 people found the following review helpful. Pretty good, if datedBy CustomerI knew this wasn't the newest of this series, so I wasn't very surprised that it was a little outdated. Good info, although it does focus on only one cruise line and there are several that cruise Hawaii.

Sailing through these beautiful tropical islands by luxury liner is the North American dream cruise. Our new book covers all the islands and attractions that make this a great cruise. Extensive shore excursion details and cruise-and-stay options included. Beautiful color maps and color photography throughout! Includes giant color pullout map. **THE NEW SECOND EDITION IS NOW AVAILABLE. SEE ISBN/EAN 9790980957358**
