Bonnie Friedman, Paul Wood : Hawaii (Eyewitness Travel Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Hawaii (Eyewitness Travel Guides):

0 of 0 people found the following review helpful. Eyewitness Hawaii...By HMS WarspiteDK's Eyewitness Travel Hawaii guide gets updated regularly, most recently in 2011, to stay current with one of the most popular US vacation destinations. DK guides offer a visually appealing mix of practical information, maps, diagrams, and color photography, while the narrative is built around guiding visitors through a selection of the most interesting attractions; this guide to Hawaii is all that. The guide begins with an introduction to the Hawaiian Islands, including their long history and distinctive culture. The following chapters visit each of the major islands, beginning with Oahu, to acquaint the traveler with Hawaii's astonishing offerings of natural beauty, Polynesian culture, beaches, golf, diving, horseback riding, hiking and other recreational opportunities. Did we mention beaches? There are some good recommendations on where to stay and to eat on the main islands, and suggestions on when to go, how to get around, and how to avoid the hazards of paradise, including crime, sunburn, and playing in a big ocean. Oh, and did we mention the incredible beaches? The DK Eyewitness guides are hard to beat for their balance of user-friendly format and portability. Inevitably, in a place as big as Hawaii, only Oahu gets really detailed coverage; the "Big Island" of Hawaii and Maui probably rate their own guides. Visitors will wish to consult additional sources, and a road map if driving. However, this guide is a great resource for planning and executing a visit, and is highly recommended. 0 of 0 people found the following review helpful. ... which makes most of the information it contained almost useless. Many new hotels and restaurants have been added. By wayne sengstock This travel guide was published in 1998 which makes most of the information it contained almost useless. Many new hotels and restaurants have been added, and guides to pricing were no longer valid. should list the dates of publication of these guides. 0 of 0 people found the following review helpful. nice pictures. By CG great book!

Includes: Honolulu, Waikiki, Oahu, Molokai, Lanai, Maui, Hawaii Island, and Kauai.
