James Kavanagh, Waterford Press : Rhode Island Birds: A Folding Pocket Guide to Familiar Species (A Pocket Naturalist Guide) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rhode Island Birds: A Folding Pocket Guide to Familiar Species (A Pocket Naturalist Guide):

0 of 0 people found the following review helpful. Five Stars By Christine Sullivan Love identifying local birds in our backyard. Easy to use and stores conveniently on the window sill. 0 of 0 people found the following review helpful. easy quick look By Carol M. easy quick look....hummingbirds not shown so question what other birds are missing...overall quick guide to lead you to look up bird in more in depth guide books 0 of 0 people found the following review helpful. Handy Tool! By B. Morgan I wanted something thorough, and toteable for my next trip home to R.I., and this is it! I can put it in my carry-on bag, and once arriving in town, I am ready to hit the sites, and bird watch. this beats a bulky book when flying! It is informative, and thorough {for travel}. If you want to go more in-depth, by all means, get a regulation bird guide also, but for packing purposes, this fits the bill {no pun intended}.

The Ocean State is the permanent or temporary home of 420 species of birds. This beautifully illustrated guide highlights over 140 familiar and unique species and includes an ecoregion map featuring prominent bird-viewing areas. Laminated for durability, this lightweight, pocket-sized folding guide is an excellent source of portable information and ideal for field use by visitors and residents alike. Made in the USA.

From the Back Cover Rhode Island Birds, An Introduction to Familiar Species, is a must-have, reference guide for beginners and experts alike. This guide covers birding hotspots and refuge areas. Whether you're on a nature hike or in your own backyard, you'll want to take along a copy of this indispensable guide. The Pocket Naturalist series is an introduction to common plants and animals and natural phenomena. Each pocket-sized, folding guide highlights up to 150 species and most feature a map highlighting prominent sanctuaries and outstanding natural attractions. Each is laminated for durability. About the Author Zoologist Jim Kavanagh has made a career out of introducing novices to plants, animals, the sciences and world cultures. In addition to creating over 500 simplified nature guides, he has also authored guides to languages, cities and outdoor skills. An avid traveler and backpacker, Kavanagh's path has taken him around the world to many remote destinations including the upper , Africa, Australia, and the Arctic Circle (and this is just the As). He is also the author of a series of state-specific guides to common species and natural attractions and a children's book on evolution. With 650+ titles in print and 6.5 million copies sold, Waterford Press publishes the largest line of folding-format reference guides in the industry. Our mission is to connect people to the natural world by making knowledge about wildlife identification, outdoor recreation, travel, and safety and survival skills accessible to a wide audience.
