People with mental health challenges exhibit their approach to life like all people do: they behave well or they behave badly. However, this author tries to paint reprehensible conduct as the inevitable outcome of life vs. the sensitive soul. Conversely, the characters in the story who are kind, responsible and loving (like the father and the hairdresser) are portrayed as boring, even absurd.0 of 0 people found the following review helpful. Five StarsBy CustomerThis is an excellently written story0 of 0 people found the following review helpful. Five StarsBy Arthur S O'NeillBought it because I loved the movie and I loved the print version just as much
