Rick Steves : Rick Steves' Ireland 2002 before purchasing it in order to gage whether or not it would be worth my time, and all praised Rick Steves' Ireland 2002:

24 of 25 people found the following review helpful. GreatBy Whimsy's MomExcellent resource! I've been to Ireland and am planning another trip there. This book covers everything that I saw and did on my first trip plus a bunch of stuff that I wish I had known then. It has info on avoiding crowds and getting off the beaten path as well as lots of practical tips on where to stay, eat, even park your car. Even if you're not planning a trip in the near future this book is a good read.10 of 10 people found the following review helpful. Praise!By PauloIt is a much better version... Extremely user friendly. We have gotten a lot of good advice and even our friendswho recommended the newer version. Congrats!!!5 of 5 people found the following review helpful. Quality over QuantityBy BradRick Steves provides a ton of information on a selection of quality sites. This contrasts with other books such as Lonely Planet that try to cover every attraction, every sight, every restaurant, and every place to eat. I appreciate Mr. Steve's curated approach as it gives me much more useful information about fewer sights, rather than a minimum of information for every possible sight. Rick Steves' books are full of practical and straight-talk travel advice.

Rick Steves doesn't just list where to travel in Europe, he leads travellers through the "back door", revealing how to give every journey an extra, more authentic dimension. He shows travellers how to delve into European culture, and experience each region's natural wonders - economically and hassle-free. Rick Steves' television series Travels in Europe with Rick Steves is seen on more than 200 public tv channels in the US and Canada
