when planning weekend entertainment for out of town friends and relatives, and it is a perfect idea generator for those days when the kids think there is 'nothing to do.' When I travel I always plan ahead and study the areas I visit. Unfortunately, when I am at home, I never take the time to do the research. Now, the work has been done for me, so if I want to have a fun local adventure I have everything I need Right Here. 0 of 0 people found the following review helpful. Great guide to the area north of Boston By A Customer I've lived in this area for 20 years, and love all the local activities that there are, but when I picked up this book at the local bookstore, I realized that I hadn't heard of most of the places Liz Nelson wrote about! I visited a few of them, and they are all amazing! Whenever I'm looking for something to do in the area, or a family activity, I pick up Right Here to see what else there is to be discovered! Great Book!
