Recommended!1 of 1 people found the following review helpful. Great learning toolBy maddogIf you are interested in Arizona, more specifically, the history of this extraordinary state, this

book is for you. I have lived in AZ most of my life and have explored extensively. "The Roadside History of Arizona" is the best resource I have found. Written by Marshall Trimble, Arizona's official historian, you will find information you can't get anywhere else. For the weekend traveler as well as the serious historical investigator, there is no better reference. I am sure that anyone as interested in AZ history as I am will love this book. When family and friends are around. Keep your eye on this book. They have a tendency to disappear about the time your guests leave. 3 of 3 people found the following review helpful. Great History Book for Arizona History Afficiandos By Customer I have his 1980's edition which I like a lot as I love Arizona history. Marshall Trimble is a tremendous historian. This edition (2004 I believe) is newer, has a more old time photos, and has more pages. I hope Marshall Trimble has or will have a third edition since 2004 is now a decade ago. Great format: as you're traveling Arizona, you can look up the history of the area you're visiting/passing through.

Join Marshall Trimble, state historian, storyteller, and native son, on the highways and back roads of Arizona, where a Grand Canyon's worth of facts and stories add up to a portrait of a state. Along the way meet Fathers Eusebio Kino and Francisco Garcés, Ned Beale and his camels, Nellie Bush and her steamboats, "Great Western" Sara Bowman, and the Navajo code talkers. Find out why Why's called Why; where Arizona's Civil War battlefields are; what happens at the Zuni River Reservation, where no Zuni live; and much, much more. Visitors, newcomers, and long-time residents alike will enjoy this travel and history classic, now revised and updated.

Marshall Trimble should call this book Arizona Express. It's just like your American Express card. Don't leave home without it. --Ed Phillips, former Arizona state senator and TV personality A valuable research tool that is also a joy to read. --Dean Smith, historian and author About the Author Marshall Trimble has taught Arizona and western history since 1972 and is head of the Southwest Studies cultural-historical program at Scottsdale Community College. Also a cowboy singer and poet, humorist, and best-selling author, Trimble is dedicated to bringing his native states history and folklore to life through print, performance, radio, and TV.
