Max Wooldridge : Rock 'n' Roll London before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rock 'n' Roll London:

1 of 1 people found the following review helpful. A must if you visit London in search of rock'n'roll history By Michael Roman While visiting London during summer, I went on a tour featuring British Rock'n'Roll history, people and places. The tour in itself is a must for almost everyone that ever listened to British rock bands in their life, and the tour guide was using this book as a prop. Back in the States, I purchased the book, and it is an excellent read, complementing the places I've seen with a lot of detail. Even if you'll never make it to London or you intend to visit in the near future, this book would provide a plethora of information about many places of interest. By reading it, you'll realize how many of our cultural icons originated, lived, performed, died in this amazing city that is London. 0 of 0

people found the following review helpful. A must if you're a music lover and visiting London!By JM
ButterworthGreat detailed guide to all the important rock n roll spots in London. You realize as you read through that
you basically can't walk down a London street without passing some important location, but without the guide you'd
never know. Carry with you as you walk around!

London's rock 'n' roll history is in many ways the world's rock 'n' roll history. It has given birth to some of the most
influential rock bands ever -- The Beatles, The Who, The Rolling Stones, Pink Floyd, Elton John, The Sex Pistols --
and many popular movements -- psychedelia, mod, punk, ska, and Brit-pop. This meticulously researched and
entertaining guide explores London's long and occasionally sordid rock history from the 1950s to the present day,
providing the casual traveler with a neighborhood-by-neighborhood look at the venues, clubs, pubs, people, studios,
stores, and events that rocked the world. Where was David Bowie brought up? Where did the Beatles play their last
gig? Where did Keith Moon spend his last night? Each chapter/neighborhood is accompanied by locator maps and
detailed street directions, and is filled to the brim with stunning photographs, ephemera, and rock trivia.

About the AuthorMax Wooldridge is a freelance journalist and travel writer who writes regularly for many UK
newspapers and magazines, including The Observer, The Mail on Sunday, The Independent on Sunday, and The
Express. He won The Observer's first young travel writer of the year award.
