**Stewart M. Green : Rocky Mountain National Park Pocket Guide (Falcon Pocket Guides Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Rocky Mountain National Park Pocket Guide (Falcon Pocket Guides Series):

5 of 6 people found the following review helpful. is this in the BBB series?By Nat'l Park ExplorerBBB as in Big-Bathroom-Book. This is small, and the info is also minutia. The fold out maps are nice but lack tremendous detail, and the brief descripts leave you wanting more. Looks like something the Forest Service put together, so I'm disappointed with Falcon on this one. NO trail guide but lots of other park info: what's here is a brief overview and for that, acceptable. This series will be likely supplanted by an 'online' one, accessable via iphone, in which the 'links' or refs to other places of info will be just a jump away (ie where to stay when in Estes Park). In the book form it just always leave you wanting more. Pics are nice and does make you want to go there. Phone numbers I did call were up to date.

Rocky Mountain National Park Pocket Guide is an information-packed, pocket-size guide that helps visitors get the most out of their park visit in a unique, convenient, and portable package.

From the Back CoverPut Rocky Mountain National Park Pocket Guide in your pocket and explore beautiful and unspoiled mountainous areas. This information-packed, fully portable book highlights the key things you'll need to get the most out of your visit. Outdoor activities and flora and fauna are detailed, as well as useful travel information to help you navigate areas in and outside the park.
