The postcards are hard to separate and use (they tend to tear unevenly).....I got this book to use for postcrossing and many postcrossers were happy to receive them!0 of 0 people found the following review helpful. postcardsBy rozredinteresting little book of postcards about route 66, what it used to look like, would love to go over myself.4 of 4 people found the following review helpful. Nice collection of 66-related postcardsBy Doug Pappas21 nice Continental-sized postcards of Route 66 icons, including Cadillac Ranch, the Chain of Rocks Bridge, Winslow's Store for Men, and the late lamented Coral Court, as photographed by Terrence Moore. If you've driven the route, these will evoke fond memories; if you haven't, they'll motivate you to spend a couple of weeks exploring the "Mother Road."

Beautiful postcards depicting Route 66 scenes.
