Steve Mellon : Sacramento: Then Now before purchasing it in order to gage whether or not it would be worth my time, and all praised Sacramento: Then Now:

1 of 1 people found the following review helpful. Alhambra TheaterBy Susan BActually, the Safeway store is on the site where the old Alhambra Theater was. The only thing left of the theater are two palm trees in a brick area, on the right side of the parking lot. I love the book! I'm Sacramento born and raised. I remember Old Sac being skidrow, before they built the city up another level.2 of 2 people found the following review helpful. Interesting for localsBy CustomerThis book was available from Sacramento Cable years ago as a premium when you earned a certain number of cable points. It's quite interesting for locals and has a lot of pictures of what places looked like in the past versus now (for instance, the famous Alhambra theater on Alhambra blvd is included next to the grocery store that sits there now). If you live here, go to the library for this book. If you are thinking of visiting the area, skip it. If you are truly interested in Sacramento History, the Sacramento Room at the Central library in Sac has a plethora of information.
