**Terri Cook : Sacred Havens: A Guide to Manhattan's Spiritual Places** before purchasing it in order to gage whether or not it would be worth my time, and all praised Sacred Havens: A Guide to Manhattan's Spiritual Places:

0 of 0 people found the following review helpful. Great little bookBy justinshows the reader the best churches and holy buildings in the cityhave more than one area books are very well written5 of 5 people found the following review

helpful. Just What New York Needed!!!By A CustomerThis is the book all New Yorkers need to help them get over the horrible events of September 11th. Looking at our great city's more spiritual side is not only an interesting idea but it also allows New Yorker's and non New Yorkers alike to grasp a deeper meaning and an intimate knowledge of New York. This book perfectly illustrates the point that no matter what you do to this city and it's people, we'll get right back up because we have heart and soul!!! Bravo to Ms. Cook on a well-written and inspiring tome. This book also makes a perfect holiday or birthday gift. Do yourself and New York a favor and buy this book, it'll show you a side of NY that you forgot existed.2 of 2 people found the following review helpful. 1By A CustomerThis book was right up my alley. I have lived in NYC my whole life, and I know that there is so much history here, that we walk right past every day. I also think that after the tragedy of September 11th, we need to have an understanding, and appreciation of the different groups that make up the great city, plus make a place for spirituality in our lives.

A revealing tour, Sacred Havens takes readers from America's oldest Methodist church to the world's largest synagogue, from a Buddhist temple in Chinatown to the Roman Catholic church where Jacqueline Kennedy Onassis prayed.
