Jack Grochot : Saga of a Latter-Day SADDLE TRAMP: A Five-Year Odyssey before purchasing it in order to gage whether or not it would be worth my time, and all praised Saga of a Latter-Day SADDLE TRAMP: A Five-Year Odyssey:

1 of 1 people found the following review helpful. Horses and NatureBy John E"Saga of a Latter-Day Saddle Tramp" is

an excellent depiction of incredible bonding by the author and his two horses and dog. Each trusting and relying on the other for survival within a backdrop of the good and bad of southern hospitality. Since I love animals more than people, this was an easy read for me. I had a horse named Blaze when I was young and worked on a farm for its upkeep. I often went on day rides with my horse making it easy for me to relate to the author's odyssey. I look forward to more books by Jack Grochot. He fits in with authors (Steinbeck, Hemmingway, Nietzsche and others) who did their best works after a sabbatical. I recommend this book to all who love animals and nature. 0 of 0 people found the following review helpful. Loves animals and adventure By Customer What a wonderful read! I couldn't put it down. Read it in one sitting, on the edge of my seat! It was my unique pleasure to meet Jack personally before reading the book. This man is the real deal. One needs to ask themselves if they have the courage to do what he has done. My hat is off to him. His love of animals cannot be denied. I would recommend this book to anyone who loves animals and adventure. I'm waiting anxiously for his next book. 0 of 0 people found the following review helpful. Great characters and a suspenseful story line that will make ... By Customer The Coen Brothers need to make this story into a movie! Great characters and a suspenseful story line that will make you laugh, cry and restore your faith in humanity when our Nation is so divided. This is a perfect book to take on your next flight and after you finish it, you will wish it wasn't over. I hope a screen writer reaches out to Mr. Grochot and makes this epic journey into the next Blockbuster!

Saga of a Latter-Day Saddle Tramp is the captivating true story of Jack Grochot's five-year horseback journey through twelve states, where he encountered many unusual characters and harrowing experiences. He accomplished this trek with his four-legged companions, a double-barrel shotgun, and the good will of more than two hundred rural households. Not all the characters the author came upon were friendly, but for the most part Grochot and his animals were welcome visitors, provoking curiosity as spectacles to behold from a bygone era. As you travel with the author through the Blue Ridge Mountains and, later, through much of the South, you share with him the scary times as well as the peaceful times, plus gain a wonderful sense of the landscape and its population. Follow the hoof beats of Grochot's two wild mustangs with the old dog Buddy beside them. And when you turn the final page you will shake your head in bewilderment that a modern-day adventure of this magnitude could actually come to such an abrupt, mind-boggling conclusion.

About the Author Jack Grochot is a retired investigative newspaper journalist and a former federal law enforcement agent specializing in mail fraud cases. He has contributed stories to magazines and anthologies, both nonfiction and fiction, and he has written two other books - Come, Watson! Quickly! and Beware, Watson! Danger!, each a collection of Sherlock Holmes adventures. Grochot lives on a small farm in southwestern Pennsylvania, USA, where he writes and oversees the care of boarded horses. The author is an active member of Mystery Writers of America and can be contacted by e-mail, grochot@comcast.net.
