**Gary C. Bublitz, Gregory Lynn Branch, Gary Bublitz : Saginaw County: Visions of the Valley** before purchasing it in order to gage whether or not it would be worth my time, and all praised Saginaw County: Visions of the Valley:

5 of 6 people found the following review helpful. Great "Coffee Table" book excellent thumbnail sketch of areaBy David WachowiakThis is a large hard cover coffee table book that covers many popular areas and locations of the Saginaw County area. The photos taken by Gary Bublitz are from a new and fresh perspective making this book distinguishable from previous books about Saginaw of the same scale. The commentary from Greg Branch (a lifetime Saginaw resident) are both interesting and accurate and only add to the enjoyment of the book. The only drawback is that the scope of the book is limited to the businesses that funded the book which has left out many of the smaller companies that have made Saginaw the community which it is. Overall this book is still a must have for any Saginaw County resident or lover of Saginaw County past or present.
