**From Brand: Farcountry Press : Salt Lake Impressions** before purchasing it in order to gage whether or not it would be worth my time, and all praised Salt Lake Impressions:

2 of 2 people found the following review helpful. A remarkable photographic album of sights  
By Midwest Book Review  
A superbly compiled and presented collection of captioned and full color photographic images by Scott T. Smith and Stephen Trimble, "Salt Lake Impressions" is a visual celebration of Salt Lake City, the capital city of Utah, and the surrounding countryside that includes the Great Salt Lake basin and the surround Wasatch mountains. This compendium of engaging images includes elements of area's city architecture, natural landscapes, people and places. A remarkable photographic album of sights, many of which rise to the level of visual art, browsing through the pages of "Salt Lake Impressions" is the next best thing to actually being there. Also very highly recommended from Farcountry Press is another in their 'impressions' series: "Santa Fe Impressions".

Photographers Scott Smith and Stephen Trimble join together to present their finest photographs of the great Salt Lake area. Their collection of breathtaking images takes you on a journey from the crusted shores of the Great Salt Lake to the stone steps of the Mormon temple, from the green lawns of the University of Utah campus to the snow-sparkled slopes of Alta Ski Area. Witness the desert as well as the clean lines of Salt Lake City's skyline.

About the Author  
A former research meteorologist, Scott T. Smith has been a full-time freelance photographer since 1988. His images have appeared in periodicals including Audubon, National Geographic Traveler, Outside, and Sunset. He has published 6 books, including Along Wyoming's Continental Divide and Nevada: Magnificent Wilderness. Scott and his wife Mary live in Utah's Cache Valley with 4 pack llamas, some noisy geese, and 4 spoiled

cats. Stephen Trimble, a writer and photographer, has lived in Salt Lake City for twenty years. A former park ranger at Capitol Reef national parks, Steve has written twenty books about the area.
