I love all these popout maps -- so handy and useful!By Joshua SneadI try to buy these maps for every city I visit for which they are available, and this one was just as good as the others. Very useful map when you're walking around, and you don't feel like such a tourist with the big map spread out! I'm also old-fashioned enough to enjoy a paper map rather than always pulling out my phone for the map.0 of 0 people found the following review helpful.
