**James Kavanagh, Waterford Press : San Diego Birds: A Folding Pocket Guide to Familiar Species (A Pocket Naturalist Guide)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised San Diego Birds: A Folding Pocket Guide to Familiar Species (A Pocket Naturalist Guide):

0 of 0 people found the following review helpful. Good San Diego bird reference By ZenMonkey Good reference card for local San Diego bird watching. The only problem is that the birds are all drawn the same size, so even though there is text to say the size of the birds, it would be better if there was some way to know the size in relation to other birds. 2 of 2 people found the following review helpful. Wonderful for easy identification By Roxy I love this little pamphlet. It's even coated so that if it gets wet, it isn't ruined. I love it so much, that I purchased 2 more for friends. It just includes the basics, but if you want something to throw into your purse or take into the back yard, it's a MUST-HAVE item. 0 of 0 people found the following review helpful. Handy guide for San Diego birders. By Judith T. This is a handy guide that I will keep in my backpack while out birding.

The rich and varied habitats of the San Diego region are the permanent or temporary home of over 500 species of birds. This beautifully illustrated guide highlights over 140 familiar and unique species and includes a map featuring prominent bird-viewing areas. Laminated for durability, this lightweight, pocket-sized folding guide is an excellent source of portable information and ideal for field use by visitors and residents alike. Made in the USA.

From the Back Cover San Diego Birds, An Introduction to Familiar Species, is a must-have, reference guide for beginners and experts alike. Whether you're on a nature hike or in your own backyard, you'll want to take along a copy of this indispensable guide. The Pocket Naturalist series is an introduction to common plants and animals and natural phenomena. Each pocket-sized, folding guide highlights up to 150 species and most feature a map highlighting prominent sanctuaries and outstanding natural attractions. Each is laminated for durability. About the Author Zoologist Jim Kavanagh has made a career out of introducing novices to plants, animals, the sciences and world cultures. In addition to creating over 500 simplified nature guides, he has also authored guides to languages, cities and outdoor skills. An avid traveler and backpacker, Kavanagh's path has taken him around the world to many remote destinations including the upper , Africa, Australia, and the Arctic Circle (and this is just the As). He is also the author of a series of state-specific guides to common species and natural attractions and a children's book on evolution. With 650+ titles in print and 6.5 million copies sold, Waterford Press publishes the largest line of folding-format reference guides in the industry. Our mission is to connect people to the natural world by making knowledge about wildlife identification, outdoor recreation, travel, and safety and survival skills accessible to a wide audience.
